

FRIENDS OF CITY PARK'S

HISTORICAL *Musical Train* TOUR

Alex Martinez Wallace (Tour Guide) is a founding member of The NOLA Project theatre company and holds a BFA from New York University. He has been performing professionally for 28 years and is happy to have made New Orleans his place of permanent residence. He feels honored to be using his craft to bring light and love to New Orleans' City Park and he hopes through his ability you find both enjoyment and new appreciation for all things park related. Special thanks to Casie Duplechain for her dedication towards the creation of such an ambitiously creative and rewarding artistic production.
